Antitrust Policy Notice

› Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

› Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at http://www.linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

□ THE LINUX FOUNDATION

Membership Advisory

› For the protection of all Members, participation in working groups, meetings and events is limited to members, including their employees, of the Trust over IP Foundation who have signed the membership documents and thus agreed to the intellectual property rules governing participation.

› If you or your employer are not a member, we ask that you not participate in meetings by verbal contribution or otherwise take any action beyond observing.

THE **LINUX** FOUNDATION

Agenda

› Remarks from John Jordan - 5 min

› Webinar (ToIP & Government) Recap - 10 min (David and Panelists)

› Principles of SSI - 10 min (Drummond)

› Market Developments - Digital Health Passports - 10 min (TBC)

› Year in review / Year ahead - 15 min (Open)

› Open Q & A (All) - 5 min

Remarks – John Jordan (Executive Director)

John has conveyed the following messages to be shared with members:

› After almost six months, John is looking forward to returning home to continue his rehabilitation this week

› Support he has received from the ToIP community has been a big part of his recovery

› In the coming weeks/months, John aims to become more directly involved in key discussions on topics such as: Operational process, Communications Strategy, ToIP role in broader community

Webinar – ToIP and Government

› Panel of ToIP thought-leaders with direct experience in working with governments

  › Dec 15 – two sessions to accommodate US/EU and APAC time zones

  › US/EU session peaked at 120 attendees, while APAC session reached 20 attendees

  › Key sectors/activities covered: travel, healthcare, education, regulatory compliance, government ID, citizen services, digital transformation

  › Active participation from attendees with questions submitted to all panelists

  › Recordings and Q&A summary to be posted to wiki

  › Communications Committee to move ahead with Editorial Calendar that includes regular webinar events

Principles of SSI

› [12 Principles](#) – developed under the stewardship of Sovrin but not "owned" by any one organization

  › Good-faith consensus of the global SSI community

› Sovrin has reached out to ToIP and other digital trust infrastructure organizations to gather a signal of broad support

  › Steering Committee (Dec 9) recommended the Governance Stack WG form a Task Force for delivering the Principles of SSI as a Design Principles deliverable

  › Opportunity for members to get involved! Sign up on the Task Force page: https://wiki.trustoverip.org/display/HOME/Principles+of+SSI+Task+Force

Market Developments – Digital Health Passports

› Recent announcements – important market trends that create opportunities for ToIP

› <u>IATA</u> has announced that **Travel Pass program** will begin pilot by end of 2020

  › Global, standardized solution to validate and authenticate all country regulations regarding COVID-19 passenger travel requirements

› <u>WHO</u> is defining specifications (interoperability, governance, and design) for digital **vaccination certificates** starting in Jan 2021

  › "Every certificate should be recognized and verifiable by any trusted authority"

Year in review / Year ahead

› Open discussion

   › In what ways did 2020 go right for ToIP?

   › Where do we need to improve / better focus our efforts?

   › How do we make 2021 our tipping point for progress and delivery?

› Bit of reading for the holiday:

   › https://trustoverip.github.io/deliverables/
