Trust: COVID-19 Credentials Initiative

- ## What is the CCI Governance Framework (the "**CCI GF**")?
  - A "level 3" governance framework for digital credentials associated with COVID-19
  - Primarily aspirational guidance for organizations that seeking a GF foundation
  - The CCI GF is derivative of the Sovrin GF, although intention is for it to be applicable to any tech platform

- ## Current status of the CCI GF
  - Active global community of 20+ weekly contributors
  - CCI GF V1 was completed on 01 June, 2020
  - At least six (6) language versions are currently available
  - Companies have started to adopt the CCI GF for their activities

- ## Next steps for the CCI GF
  - CCI GF Task Force launched within the ToIP EFWG
  - Develop CCI GF V2

CCI
