Agenda

❖   **Welcome & Antitrust Policy Notice**

❖   **Introduction of new members**

❖   **IEEE P2145 blockchain governance** - IEEE P2145™ Standard for Framework and Definitions for Blockchain Governance provides a common nomenclature and framework for describing and building blockchain/DLT governance across all use cases and contexts, including public, private, permissioned, permissionless, and hybrid. - **Savita Farooqui**

❖   **DizmeID Foundation** - DIZME is the first decentralized identity network that combines the benefits of the SSI world as well as the compliance to eIDAS regulation perimeter. The DizmeID project leverages the Trust Over IP metamodel and builds upon three areas of existing infrastructure to focus its work on layer 4 that defines and implements the DizmeID features and business model. - **Daniele Citterio**

❖   **Open call for agenda topics?**
