Mission and Scope (as defined in the WG charter)

The scope of the Governance Stack Working Group is to define models and interoperability standards for governance frameworks that enable business, legal, and social trust between entities implementing the Trust over IP architecture stack as defined in Hyperledger Aries RFC 0289 (or its successor as identified in the RFC document itself).

Chairs and Vice-Chairs

Chairs: Scott Perry, Kalyan Kulkarni, Drummond Reed

Vice Chairs: Tom Plagge, Sankarshan Mukhopadhyay, Steve Magennis, Steven Milstein

Join the Mailing List

You can join the WG by joining the mailing list at lists.trustoverip.org. Our mailing list is governance-stack-wg@lists.trustoverip.org. You will automatically received a calendar invite to the bi-weekly WG meeting (see below). Observers as well as members are welcome.

New Member Introduction

Once you have subscribed to the mailing list please consider sending a short note introducing yourself (including affiliations).

List of Task Forces

Current Active TFs:
- Governance Architecture TF
- Process and Roles TF

Planned future TFs:
- Trust Assurance TF

Meetings

Meetings of the WG will be held via Zoom every other Thursday from 11:00-12:00 PT / 18:00-19:00 UTC. Upcoming meeting dates: July 23; August 6, 20; September 3, 17.

See the Meeting Page for the agenda (and notes after the meeting).

To receive a calendar invite with complete Zoom information, join the mailing list above.
