Introduction
The Governance Stack Working Group (and the Task Forces within it) specify requirements, roles and processes for the governance architecture of the ToIP stack. For an overview of the ToIP stack, see the Introduction to ToIP white paper.

Scope

Task Forces
Much of the work on GSWG deliverables is performed by self-organizing Task Forces (TFs).

Planned TFs
The following TF plans to restart new work in September 2022:

- Governance Architect TF — this TF completed its initial work in December 2021 — see this ToIP blog post for a summary. The new work will continue the next phase of governance framework component specifications.

Completed TFs
The following TFs have completed their initial work:

- ToIP Stack Design Principles TF
- Governance Architecture TF
- Trust Assurance TF

Meetings
The GSWG currently holds meetings every two weeks on Thursdays. See the GSWG Meeting Page for the schedule of meetings and agendas, notes and recordings from all meetings.
