## Agenda Items

Time	Item	Who
2 min	Welcome & Antitrust Policy Notice	
3 min	Introduction of new members  <a href="#">Alex Tweeddale</a> working with cheqd and build on Sovrin but with incentives	
10 min	<b>YOMA Ecosystem Task Force Update</b>  Please provide your feedback on the <a href="#">GF here</a>  Next EFWG will be asked to approve  There will be a lessons learnt session and then some academic papers, please contact <a href="#">Nicky Hickman</a> or post in the <a href="#">slack channel for yoma</a> or for <a href="#">EFWG</a> if you are interested in joining the retrospective and / or contributes to the academic papers.	Nicky Hickman
45 min	<b>Product Circularity Data Sheet (PCDS) Initiative</b> - The Product Circularity Data Sheet (PCDS) is a basic source of verifiable data. It can be used to establish how circular a product is and inform about the circular path it was designed and manufactured for. The PCDS offers a standardized format with trustful data without scoring or ranking of these aspects.  <a href="#">Background presentation</a> from the GS1 Industry and Standards Event in September 2021	Thibaut Wautelet, Douglas MULHALL - positiveimpakt.eu Jérôme Petry - Deputy Director Sustainable Technologies Ministry of the Economy of Luxembourg
