Membership Support

Please reach out to us at <https://members.trustoverip.org/> for help with:

- Common Requests
- Membership
- Marketing/PR
- Technical Committees
- Conferences & Events

LF ID - Create an Account

To use Linux Foundation (LF) resources, you must create an account. See detailed, illustrated instructions on [this LF website page](#). Abbreviated instructions:

- Navigate to [LFX Platform](#) and click **Create Community Profile** from top right corner of the page
- You can also create account from Sign In page. Click **Create an Account** on Sign in page.
- On Create Your LF Account page, enter your first name, last name, email address, username, password, and click on **Create Account** CTA button
- You will receive an email verification at the email address you provided with the link to verify your email. If you don't receive the email, click on **Resend Email** CTA button.
- Check your inbox for The Linux Foundation: Create Account email and open it. Click on **Verify Email** CTA button.
- Once you click on the link, you will be redirected to the **Sign In** page of the Linux Foundation service you are trying to access. Your email and password will be auto-populated from the account creation step.
- Verify your information and click on **Sign In** CTA button. You will be navigated to the Linux Foundation service you are trying to access.

Confluence Setup

New Members will be added to Confluence by **Michelle Janata** when new membership agreements are received. You will receive an email notification that you've been added to the workspace.

New Members who are part of existing organizations, please email **Michelle Janata** (mjanata@linuxfoundation.org) directly to initiate this process.

How to Join a Working Group

You can join any Working Group by signing up for the working group's mailing list at lists.trustoverip.org. New members will automatically be added to main and All Members distribution list. To join another group, click on **subgroups** and select the group of your choice.

To learn more about each working group you can visit each working group's Wiki page:

- [Concepts & Terminology](#)
- [Ecosystem Foundry](#)
- [Governance Stack](#)
- [Human Experience](#)
- [Inputs & Semantics](#)
- [Technology Stack](#)
- [Utility Foundry](#)

GitHub Setup

Joining ToIP GitHub here: <https://github.com/trustoverip>

Email **Michelle Janata** (mjanata@linuxfoundation.org) to be added directly to our GitHub Repository; **please provide your GitHub handle**.

Google Drive

The ToIP Shared Google Drive is [here](#).

New Members will be added to our Google Shared Drive by **Michelle Janata** when new membership agreements are received. You will receive an email notification that you've been added to the workspace.

New Members who are part of existing organizations, please email Michelle Janata (mjanata@linuxfoundation.org) directly to initiate this process.
