

Getting Started with Github

This page is currently under construction. The goal is to make it the starting place for ToIP Foundation members: a) to learn how to use GitHub and b) to publish the specific guidelines and best practices we recommend to optimize our use of GitHub to support our collaboration. If you are new to GitHub and Markdown, we recommend using the links below to learn the basics.

Step-by-step guide

1. [Setup GitHub Account](#)
2. [Learn Markdown](#)

Learning Resources

1. [Introduction to GitHub Course](#)
2. [GitHub Training Lab](#)
