Confluence 101: organize your work in spaces	Chances are, the information you need to do your job lives in multiple places. Word docs, Evernote files, email, PDFs, even Post-it notes. It's scattered among different systems. And to make matters worse, *the stuff your teammates need is equally siloed*. If information had feelings, it would be lonely. But with Confluence, you can bring all that information into one place.
Confluence 101: discuss work with your team	Getting a project outlined and adding the right content are just the first steps. Now it's time for your team to weigh in. Confluence makes it easy to discuss your work - with your team, your boss, or your entire company - in the same place where you organized and created it.
Confluence 101: create content with pages	Think of pages as a New Age "document." If Word docs were rotary phones, Confluence pages would be smart phones. A smart phone still makes calls (like their rotary counterparts), but it can do so much more than that
