List of shared links in meeting chat

1. [Drummond Reed](#) The supply chain scenario is actually perfect for VCs. See this blog post from Anil John at the Department of Homeland Security RE supply chains: <https://www.cyberforge.com/attestation-patterns/>
2. [Drummond Reed](#) Take a look at the verifier-pays-issuer model that Lumedic Exchange is introducing for healthcare credentials. <https://www.lumedic.io/perspectives/introducing-lumedic-connect>

Decisions

- ☐ Sample Decision Item

Action items

- ☐ We need members to sign up for Solution Pack deliverables. We just need to get it started. [White Paper Task Force](#)
