ToIP APAC Meeting Pages

The structure adopted at meetings are as

1. Pre-meeting messages (membership and antitrust notices)
2. New member introductions
3. Updates and highlights (to be discussed in meeting only if specific issues are required to be clarified; WG liaisons can help in bringing these topics)
   a. updates from WG etc
4. Digital Trust at scale 101
   a. Introduction to one particular concept of digital trust eg. Trust Framework, Verifiable Registries, Utility Governance, Credential Formats etc
5. Guest/Special Topic
   a. Demo of a prototype or proof of concept
   b. Guests from various bodies, groups, consortia may present specific implementations/frameworks that may have a potential to leverage TOIP concepts or deliverables.
6. (Additional Topic) Discussion of a white paper around ToIP concepts
