- [Judith Fleenor](#) : How can we use Peter's graphic to strategically get our message out?
- [Drummond Reed](#) : had a meeting Peter Stoyko and John Jordan. Still in the process of combing through the feedback and wants to re-open this using a Google format. Drummond will take the lead on this project
- [Drummond Reed](#) : will use slack to share a new link for more feedback
- Next week Friday (June 4th) we should schedule a feedback meeting/ Judith to arrange

Update- Identity North and Other Conferences

- Identity North – Virtual Summit (June 2-3) <http://www.identitynorth.ca/>
- Proposal: June 2 - ToIP leads participate in panel on Good Health Pass with ID2020 and Securekey
- Update - Krista Pawley, from Identity North has informed me that
"We were able to do the session with the ID2020 team as a pre-record (given some calendar constraints). They were great about recognizing all of the partners who are working together on the Good Health Pass. "
- Identiverse: No participation from ToIP, need to put on our calendar for next year for ToIP to participate and submit content
- [Kaliya Young](#) and [Jim St.Clair](#) will work with Judith to work on events calendar for upcoming conferences/summits/panels
- [Kaliya Young](#) : Speaking at Connect ID conference in October
- Also need to focus on other conferences that intersect with digital identity
- [Drummond Reed](#): Hyperledger Global Forum is coming up on June 8-10 and Marie Masserey, Head of Architecture at IATA, is going to give a keynote talking about health passes and Good Health Pass
- [Judith Fleenor](#) to spin up a meeting regarding this, which will include: [Jim St.Clair](#) , [Kaliya Young](#) , [Daniel Bachenheimer](#) who has a vast knowledge of upcoming conferences

Good Health Path Rollout:

- Public Comment and PR Plan
- PR Plan: Linux foundation and ID 2020 Representatives are in communication with upcoming releases
- Release(s), will need a quick turnaround and consensus approval from the ToIP Communications Committee. This will be done via email
- [Drummond Reed](#): There will be 2 releases that ToIP is a part of

1st release - Public review of GHP interoperability blueprint going out June 7th. Press pre-briefings starting next Wednesday. 3 organizations part of the approval process.

2nd release: LFPH working to create a registry for interoperability management "infostructure of blueprint"

- Working on a registry of registries
- ToIP should definitely look into doing webinars to clarify what we are working on and supporting
- LFPH PR team is getting it out there and putting it on the wire, however, ToIP members need to amplify this press. Twitter and blog posts
- 3 orgs need to align to project this and plan to meet next week everyday Tues-Fri for discussion (including hashtags)
- [Wenjing Chu](#): to start a "starting point" document of talking points to help in explaining what ToIP does
- [Judith Fleenor](#) to create a sharable "talking point" document that members can add to and refine over the week

June and Q3 Activities:

- Create a list of topics for members to write about (500-word blog posts)
- Need to begin to develop content
- Create a "ToIP" Elevator pitch that can be put into content others are publishing elsewhere. "I participate in ToIP because..."
- Create a way for people to sign-up to write a post on one of the topics and put out a call for content
- Once backlog is created, this committee decides what will be published in next cycle and when, in alignment with other ToIP announcements, such as key relationships, (ie: the Sovereign Liaison agreement.)
- [Jim StClair](#): Annual report should be made, with multiple short entries
- [David Lucatch](#) : we need a professional writer, also from a design background standpoint
- [David Lucatch](#) : The world does not know what we do: we need to promote and get the word out there
- [Kimberly Linson](#) : happy to help edit and coordinate incoming editorials
- [Will Groah](#) : What is a members view from the first year..." What ToIP means to me..." and then compile group entries
- [Jim St.Clair](#) and [Drummond Reed](#) to do intro/ Liquid Avatar to help to put it together with graphic art/ and coordinate "Year in Review" report
- [Chris Ingrao](#): Wasn't there some strategic comms framework happening somewhere?
- [Judith Fleenor](#) : would like to re-visit this list of strategy framework with Chris. Ajay was initially in charge of this list
