	Introduction to KERI - POSTPONED to Aug-31 2021	Robert Mitwicki	<ul style="list-style-type: none"> Some of the snippets in the UFWG Paper could be tweaked to ensure that a "ledger-less" and "ledger-portable" utility such as KERI has a seat at the table. We also want to consider adding KERI to the list of PIUs in section 2: UFWG Public Identity Utilities (pg.7). Rather than a full-blown KERI Utility Governance Framework Task Force, maybe a simple list addition is all that is needed at this stage.
