ToIP Trust Spanning Protocol Specification

This the home page for drafting of the **ToIP Trust Spanning Protocol Specification (TSPS)**, a deliverable of the TSWG developed by the Trust Spanning Protocol Task Force. For a complete overview of the ToIP stack development process, see the Evolution of the ToIP Stack.

Links

The Trust Spanning Protocol Task Force is currently drafting the Trust Spanning Protocol Specification (TSP) initially using this Google doc. By early March 2024, we expect to migrate it to a GitHub Spec-Up document in order to publish the first **Implementers Draft**.

Contributors

To comply with the intellectual property rights protections in the charter of the ToIP Foundation (as required by all Joint Development Foundation projects hosted the Linux Foundation), all contributors **MUST be current members of the ToIP Foundation**. See the official list of contributors in the Working Drafts as they are produced.
